

THINK ONE COLLEGE  
CAN CHANGE THE WORLD?  
ONLY IF THEY TRY.

“But rising costs are not unique to Oberlin.” -Marvin Krislov

# DID YOU KNOW?

Students are protesting all over the world to demand accessible education!

In Chile, students are battling against the privatization of the education system, and the exclusions this entails. Our education system is already highly privatized, and very exclusive.

Our educational systems are different, but our demands for justice are united.

High quality education for ALL is a right.

Education should not be commodified.
